

2026 China Inbound-Outbound Forum

Invitation

Dear Mr. Daniel Albrecht,

Greetings!

China's first administrative regulation dedicated to outbound investment, the State Council Regulation on Outbound Investment, took effect on 1 July 2026. Against the changing landscape of China-US, China-Europe and Global South economic and trade cooperation, there is an urgent need to bring together relevant government departments, trade and economic experts, and representatives of globally active companies. The conference will provide a forum for interpreting the new rules, gathering business perspectives, facilitating cooperation and supporting responsible overseas investment.

Drawing on the international reach of a world-leading think tank and years of research on globalization, the **2026 China Inbound-Outbound Forum** will connect international and domestic stakeholders, convene leaders from government, business and academia, and create a high-level platform through which Chinese companies can access global opportunities and expand international cooperation.

The 2026 China Inbound-Outbound Forum is hosted by the Center for China and Globalization (CCG), with the China Association of International Trade (CAIT), the China Society for World Trade Organization Studies (CWTO), and the United Nations Conference on Trade and Development (UNCTAD) as co-organizers.

It will be held in Beijing CBD on 17 October 2026. We cordially invite you to attend the conference and join a closed-door exchange dinner with former senior officials of the Ministry of Commerce, ambassadors to China, representatives of international organizations and entrepreneurs leading international expansion.

Building on CCG's extensive international network and twelve consecutive editions of the China Inbound-Outbound Forum, the conference will convene entrepreneurs and representatives of globalizing companies, leaders of international organizations and business associations, established companies, and experts in artificial intelligence and green development. The programme includes an opening ceremony, keynote addresses, a special session featuring prominent globalizing entrepreneurs, six industry and regional forums, and two

high-level closed-door events. In the presence of ambassadors and conference guests, three authoritative recommendation lists will also be announced: Chinese Globalizing Enterprises, Service Companies Supporting Chinese Global Expansion, and Emerging Young Business Leaders in Global Expansion.

We sincerely hope you will be able to join us. Our team will be pleased to assist with all arrangements.

With highest regards,

Center for China and Globalization (CCG)

September 2026

Daniel Albrecht, Board Member, German Chamber of Commerce in China

15:30–16:45 Forum 4 (Auditorium 2): Enterprise Globalization and Project Management

Jointly organized by CCG and the Project Management Institute (PMI), this specialist forum focuses on full-lifecycle management of cross-border projects undertaken by Chinese companies. Drawing on PMI's globally recognized body of knowledge, standards, certifications and industry practice, it addresses common challenges such as difficult cross-border delivery, weak risk controls and inefficient cross-cultural collaboration. The forum will combine standards, case analysis and targeted connections to produce replicable methods and strengthen systematic project governance, delivery quality and commercial value.

19:00–21:00 Exchange Dinner for Globalizing Entrepreneurs and Diplomats in China

Venue: Private dinner venue (by invitation only; closed-door event)

The highest-level closed-door event of the conference, this invitation-only dinner will convene ambassadors and commercial counsellors, former senior trade and economic officials, leaders of major globalizing companies, and representatives of international and industry organizations. Centred on high-level dialogue, authoritative announcements and targeted connections, it will provide a trusted

setting for policy communication, international resource matching and lasting cooperation.

Core Programme:

1. High-level government–business dialogue: ministry experts will address policy and practice in Chinese enterprise globalization; leading entrepreneurs will discuss global AI trends and new opportunities; and ambassadors will offer remarks on government–business coordination, two-way opening and industrial cooperation.
2. In the presence of relevant Ministry of Commerce leaders, ambassadors and dinner guests, three authoritative recommendation lists will be announced: Chinese Globalizing Enterprises, Service Companies Supporting Chinese Global Expansion, and Emerging Young Business Leaders in Global Expansion.
3. Themed table discussions: guests will be grouped by regional market and industry to match cooperation needs and connect resources. A cultural performance by Guo Shize will be presented during the dinner.
